## Statistics – Chapter 1 Vocabulary

### **Vocabulary**

Sample

Random Sampling

Simulation

Stratified Sampling

Multistage Sampling

Statistics

Experiment

Control Group

Double-blind Experiment

Population

Observational Study

Systematic Sampling

Qualitative Variables

Sampling Frame

Ordinal

Randomized Experiment

Replication

Non-sampling Error

Placebo Effect

Sampling Error

Quantitative Variables

Undercoverage

Interval

Block

Lurking Variables

Individuals

Variables

Census

Ratio

Nominal

Cluster Sampling

Convenience Sampling

Confounding Variables

Explanatory Variable

Response Variable

Parameter

Statistics
