

Chapter 7 Vocabulary List

7.1

Diagonal

Equilateral polygon

Equiangular polygon

Regular polygon

Convex

Interior angles

Exterior angles

7.2

Parallelogram

Quadrilateral

Segment Bisector

7.4

Rhombus

Rectangle

Square

7.5

Trapezoid

Bases

Base angles

Legs

Isosceles trapezoid

Midsegment of a trapezoid

Kite

Chapter 7 Study Guide Checklist along the way:

As we go through this chapter mark off the concepts that are found on your test.

- 1) Properties of a parallelogram
- 2 – 3) Properties of a rectangle
- 4 – 5) Properties of a rhombus
- 6 A & B) Properties of a trapezoid and parallelogram
 - Distance formula
 - Slope
 - Parallel slope
- 7 A – C) Properties of a Square
- 8) Properties of an Isosceles Trapezoid
- 9) Properties of a Kite
- 10) Properties of a parallelogram
- 11) Properties of a rectangle
- 12) Properties of a quadrilateral, rhombus, and square
- 13 A & B) Properties of an Isosceles Trapezoid and its Midsegment
- 14) Properties of a parallelogram
- 15) Properties of a trapezoid
- 16) Properties of a rectangle and a square
